

COMRADES OF WAR

Five Hundred Old Veterans Called on McKinley.

THE REPUBLICAN COMMITTEE

It Will Endeavor to Induce McKinley to Make a Tour of the Western States.

CANTON, July 16.—Five hundred old veterans, comrades of the war, called on Major McKinley this afternoon. They came from Cleveland on a special train and they called to congratulate him as "comrades," and not as Republicans or Democrats, as their spokesman said. Addresses were made by Commander Hugh Bunkley and others. Major McKinley responded in part as follows: "Fellow Citizens, I respond to your call with special gratification. Nothing gives me greater pleasure than to meet at my home my comrades in the civil war. Ties of fraternity and friendship grow stronger and dearer as the years recede and the old guard, one by one, is called home.

"There has been no time since they laid down their arms when we had greater need for patriotic men than now, and a response to the crisis of the hour will now come from all sections of our common country. [Great applause.] We have reached a point in our history when all men who love their country must unite to defeat by their ballot the forces which now assail our country's honor. The struggle, which is upon us, involving national good faith and honor, will enlist their united and earnest services until those who are arrayed against the public faith shall be routed and dispersed. Financial dishonor is the threatened danger now and good men will obliterate lines of party in an united effort to uphold American honor."

THE REPUBLICAN COMMITTEE

CLEVELAND, July 16.—The national Republican executive committee today appointed Perry S. Heath, of Cincinnati, as press and literary agent, and appointed a committee, consisting of Hanna, Durkin of Indiana, Dawes of Illinois, Perrin of Wisconsin and Hellins, to select the offices for the committee in Chicago and New York. This committee will be in Chicago Monday. The committee will visit McKinley at Canton to lay before him the plans outlined and ask his opinion.

After the meeting, Mr. Hanna stated that no action had yet been taken relative to the appointment of the ninth member of the executive committee. It is believed the committee, while at Canton, will endeavor to induce Mr. McKinley to make a trip through the West, or at least to deliver some speeches in that section of the country. Some of the Western committeemen are strongly in favor of having the campaign opened in Omaha or Lincoln, Neb.

MORE BONDS IMMINENT.

Another Sale May Be Expected in the Near Future.

WASHINGTON, July 17.—It is useless to conceal the fact that should the withdrawal of gold continue at the present rate, another bond issue will be necessary to sustain the credit of the government. While the administration has not expected to be able to pull through until March 4 without another sale of bonds, it did hope to defer the issue until late in the fall, or, if possible, to the first of next year. The withdrawals on Monday were \$675,300, of which \$375,000 is for immediate exportation. The balance will probably be hoarded.

The disposition to hoard gold has been notably apparent for several days. On Saturday nearly \$125,000 was drawn for this purpose, and on the day before the withdrawals were nearly \$1,000,000, a large part of which was to be kept in this country.

GOLD AT FORT ANGELES.

Yellow Metal in Paying Quantities Found on the Beach.

FORT ANGELES, July 17.—Considerable excitement has been created in this city by the announcement that gold has been discovered in the beach sand eight miles east of here. A single pan of the sand yielded 75 colors without the aid of a magnifying glass, and with an ordinary rocker, it is said that a man can take out \$2 a day.

A rush for claims has been made, and twenty of the most desirable have already been filed upon. Water rights have also been secured, as it is the intention of those who have located claims to use machines for extracting the gold from the sand.

Old settlers say that the beach at this

same point was mined for gold twenty years ago, and that at that time miners made good wages. The members of the company organized are W. K. Carl, Alex. Clark, F. P. Fisher, J. D. Hickok and Maurice Fisher. They have all located upon claims and expect to order a Fanta machine, which is an invention made by California parties who now have one in use near La Push and are obtaining splendid results.

A JEALOUS WIFE'S DEED.

Threw Sulphuric Acid in the Face of a Rival.

BUTTE, July 17.—Mrs. Rose Heimback, wife of Ed Heimback of Meaderville, Montana, became jealous of the attention her husband paid to Mrs. Thomas Snelling. Mrs. Heimback, in company with her sister, Mrs. Hoskins, went to the Snelling home today and calling Mrs. Snelling into the parlor, Mrs. Heimback threw a pint of sulphuric acid on her. Mrs. Snelling is terribly burned and will die. Mrs. Heimback and her sister are under arrest. The latter is a raving maniac in the county jail and is expected to die also.

\$100 Reward \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address:

Hogan Johnson, of Riverside, in Pacific county, Wash., put a rope around a bull's neck and started to lead him home last Tuesday. On the way the bull made an attack upon Mr. Johnson from the rear, goring him in the back and trampling him under foot until he was nearly dead. One horn penetrated the lung, entering the body about five inches. Mr. Johnson's right arm was broken in three places, and from his hips down he is one mass of severe bruises. He is 62 years old, but it is thought he will recover.

None But Ayer's at the World's Fair.

Ayer's Sarsaparilla enjoys the extraordinary distinction of having been the only blood purifier allowed on exhibit at the world's fair, Chicago. Manufacturers of other sarsaparillas sought by every means to obtain a showing of their goods, but they were all turned away under the application of the rule forbidding the entry of patent medicines and nostrums. The decision of the world's fair authorities in favor of Ayer's Sarsaparilla is in effect as follows: "Ayer's Sarsaparilla is not a patent medicine. It does not belong to the list of nostrums. It is here on its merits."

A Boy Killed.

About 6 o'clock Sunday morning the 8-year-old son of Joseph Freeman met a violent and sudden death at Pendleton. The boy had been sent out to tether a calf, and while so engaged his foot became entangled in the rope, one end of which was tied around the animal's neck. The calf started to run, dragging the boy into a wire fence. He was terribly cut and mangled, and died before a physician could be summoned. The funeral took place from Mr. Freeman's home, about five miles east of Milton.—East Oregonian.

A CRUSHING DEFEAT

Spanish Column Utterly Routed by Maceo.

GENERAL YNCLAN WAS CAPTURED

Government Soldiers Were Drawn Into a Trap and Fired on From All Sides.

KEY WEST, July 18.—The Spaniards under General Suarez Ynclan have sustained a crushing defeat at the hands of the insurgents under Antonio Maceo. Not only was Ynclan's column defeated with heavy loss, but it is currently reported in Havana that the Spanish general himself was captured and is now held a prisoner by Maceo.

The battle is said to have occurred on July 15, near Maceo's stronghold, in Pinar del Rio. For the last two weeks the rebels have been very aggressive, and small parties have repeatedly attacked the trocha, causing the Spaniards much annoyance.

Ynclan was ordered to drive back these detached bands of Cubans, and for this purpose took with him 2000 men. Maceo seems to have expected such a movement, and arranged to ambush the Spaniards. He stationed a large force in a favorable spot, and ordered his detached bands to draw Ynclan into the trap. The Spaniards followed the insurgent skirmishers incautiously and fell into the ambush. Then the Cubans opened fire from all sides, which threw the Spaniards into confusion.

While the Spaniards were thus beset, the Cubans charged and completely routed their foes. Ynclan made a desperate effort to rally his demoralized forces, but was surrounded by the Cubans and compelled to surrender.

It is said in Havana that the Spaniards were pursued almost to the trocha, and lost more than 300 killed and wounded. There were 14 officers among the killed. The Cubans here also say that Maceo will hold Ynclan as a hostage to save the lives of prominent insurgent officers who have been captured by the Spaniards. One of those officers is Capote. If this rebel leader is shot by the Spaniards, it is thought Ynclan will meet the same fate at the hands of Maceo.

WHAT MACEO WANTS.

A Few Cartridges and a Few Cannon Would Enable Him to Win.

NEW YORK, July 19.—The World publishes the following correspondence from the headquarters of Maceo, Tomas de San Jose, Pinar del Rio, June 26: "The want of a few cartridges and a few cannon," said General Antonio Maceo, "is all that makes our government use nature's rocks instead of brick and mortar for a White House."

Asked how many and what arms and ammunition he needs to guarantee to win the war in, say two months, he said: "I could do it with 20,000 Remington rifles, small calibre, 150 cartridges, 10 cannon and 100,000 rounds of artillery ammunition. I might do it with much less. I would invariably attack the Spaniards and attack them after maneuvering their columns into cul de sacs and I would take an important town. The supplies captured there would assist in the capture of the next one, and so on until I would be able to storm Havana with its fully equipped army of 100,000 men and 50 pieces of artillery.

"In addition to our 60,000 armed men, we have fully 20,000 more men armed with only machetes and revolvers, thus giving us a probable total of 80,000 revolutionists in the field."

He estimates the Cubans have seven cartridges to each soldier.

New Trial Ordered.

Among the twenty-five opinions handed down by the supreme court at Pendleton Saturday, was the following in the case of Z. F. Moody, respondent, vs. W. D. Richards, appellant, from Wasco county. The lower court is reversed and a new trial ordered. This action was brought to recover money alleged to be due on the breach of a contract. The plaintiff alleges that he advanced to defendant \$439.81 on account of delivery in Portland a given amount of wheat of specified grades, on the condition that if the wheat was not up to the standard agreed upon, the plaintiff should be reimbursed, according to the ruling difference between the grade furnished and specified. The defendant alleges that the wheat was to have been delivered upon absolute and unconditional sale. Judgment was rendered by the lower

court against the defendant for \$126.

The lower court failed to find that the defendant agreed to repay the difference between the value of wheat furnished and that specified, and upon this it was contended the findings did not support the judgment. The court holds that the alleged promise to repay the difference between the values in the grades of wheat was material, and that the parties were entitled to a finding upon this issue. Such finding is held to be indispensable, even without a request therefor, hence a new trial is ordered.

Finest of the Season.

The opinion of several who have attended the band concerts regularly is that the one yesterday was the finest of all. Every number was very pretty. "A Night in Berlin" was a very pretty combination of German airs interlarded among less familiar but more classic music. The cornet duet was charming, and the cornet solo was also pretty. The descriptive piece received the first encore of the season, and though somewhat surprised, the band responded. Pleasant features of the piece are the singing of birds and the mill slowing down. The concert is made more pleasant by the free distribution of programs, which enable one to have a better understanding of the music. The band deserve much credit for submitting to the heat and discomfort of these hot days to cater to the pleasure of others by playing to them. The audience, however, is always appreciative and honor the band with generally close attention. Next Sunday the concert will begin later owing to the heat of the afternoon.

Republican League.

A league of Republican clubs was organized at Salem Saturday. Fifteen clubs were represented. Resolutions declaring allegiance to Republican principles, as enunciated by the St. Louis platform, and eulogizing McKinley as the exponent of the protective system, upon which is based hope for the laborer and producer, were received with applause and adopted without a dissenting vote. A resolution also demanding the abolition of useless commissions, and that state and county officials be placed upon reasonable salaries, was adopted.

To the surprise of the audience, Hon. Steven Staats of Polk county responded to a call, and in an earnest speech denounced Bryanism and announced himself for McKinley. Mr. Staats has been a life-long Democrat, and has represented Polk county in the legislature.

Notice.

On account of being obliged to return a bale of Havana, which did not come up to the high standard required for my Regulator cigar, there will be no more of this brand made for about three weeks, or until I can get other Havana by freight from Chicago. Am very sorry to disappoint my customers, but I could not afford to compromise the reputation of my brand by using inferior Havana. Cannot fill any more orders, as I have no Regulators on hand.

Bird Caught in Colt's Tail.

Birds that employ hair in the building of their nests come to grief in strange ways. A gentleman who possessed several colts one day noticed a small bird entangled in the tail of one of his colts. It had evidently been on a search for hair and had become ensnared. Cases of birds getting their feet entangled in wool or string are well-known and death usually ensues if human help is not forthcoming.

A BOLT IS PROBABLE

Populists' Ranks Are Torn by Dissensions.

TROUBLE SEEMS INEVITABLE

Question of Indorsing Bryan Causes All the Difficulty—Both Sides Are Determined.

ST. LOUIS, July 20.—Senator Jones of Arkansas, chairman of the Democratic national committee, said today: "I hope the Populist convention will endorse Bryan and Sewall, and since I arrived I have received a good deal of encouragement in that hope." Jones will be in conference with the Populist leaders all day.

The belief continues generally prevalent that a bolt is among the strong probabilities of the Populist convention, whatever course is decided upon by the majority. Delegates are constantly arriving and as the crowd grows larger it becomes more evident that there is intensity of feeling over the one question at issue.

This question is whether to endorse Bryan and Sewall or nominate a separate ticket. In a general way the contest is between the North and South. Northern men, as a class, contend that in the endorsement of Bryan lies the only hope of making the influence of the party felt or achieving practical results, while Southern men, remembering their many contests with the Democrats of their section, maintain that such a course is utterly suicidal.

Middle-of-the-road Populists express great confidence in their strength. Up to noon more than 100 delegates to the convention registered at their headquarters. The most of them were pronounced in favor of a straight ticket and will fight against the nomination or endorsement of Bryan. More than a majority of the states were represented. Some claim a two-thirds majority. It was stated at the conference today that Tabeneck had given up the fight, having been scared by the attitude of the leaders on the ground. At headquarters many expressions were heard indicating disapproval of the endorsement of Bryan. There is not much said about candidates, middle-of-the-road men saying they are perfecting arrangements to control the convention.

Ignatius Donnelly says that although he was in favor of maintaining the people's party and putting a straight ticket in the field there was every indication that they would be overridden and Bryan endorsed.

SOMEWHAT THREATENING.

Populists of California Send a Letter to Bryan.

KANSAS CITY, July 20.—While en route to the National Populist Convention, the California delegation, 39 strong, last night issued an open letter to the Democratic presidential nominee, William J. Bryan, urging him to go before the country as the nominee of the Populist party. The letter was composed and dispatched while the delegation was waiting for the train to St. Louis. Dr. G. W. Daywalt, of San Francisco being chosen secretary and instructed to write it.

The letter says in part:

"If you will accept the nomination from the Populist party, declaring yourself a Populist, you will become a leader to whom will rush every reformer, be he seiverite, Democrat or Republican, and not only be elected yourself, but also elect a congress, the law-making power. This is the opportunity of your life, which, if taken advantage of, will send your name down in history as the savior of our country by the means of Populism. If you don't do it, we must, in defense of our principles, put another nominee in the field. Can you thus be elected?"

McKINLEY'S CAMPAIGN.

Will Be Opened in Nebraska and Minnesota at Once.

CHICAGO, July 20.—Mark Hanna arrived in Chicago today, and national Republican headquarters are to be opened as soon as the executive committee selects quarters.

While nominal charge of the Western committee's work will be in the hands of Hanna himself, the committee which will have to do with the actual work will be Messrs. Payne, Durbin and Leland. The distribution of literature throughout the West will be one of the first aims of the committee.

The Republican campaign in the West will be opened in Minnesota and Nebraska, with speeches by Senator Bur-

rows and Roswell P. Poor, of Minnesota. Before leaving tonight, Hanna said he was not seriously disturbed by the apparent growth of the free-silver sentiment in the Western states.

"We will inaugurate the campaign at once," he said, "by distributing sound-money literature and sending sound-money speakers into the silver strongholds."

CONDENSED DISPATCHES.

J. H. Morris, a resident of Fossil, Or., was found dead in his bed yesterday morning, after having retired the night before in his usual state of good health. The cause of his death is not known.

It is reported that the entire population of Independence, young and old, male and female, turns out en masse each day to bathe in the cool Willamette above that city, and thus keep at least partially cool.

At Tacoma, on Saturday, a 3-year-old boy named Johnnie Rosa plucked a burning brand from a fire in his mother's yard and in some way set fire to the dress of his 5-year-old sister Anna. The little girl was frightfully burned and soon died from her injuries.

John Lawrence, a convict, who was released from the Walla Walla penitentiary on Saturday morning, proceeded to Riparia and brutally murdered Jacob Malquist, a saloon-keeper, by beating him to death with a club. Lawrence was captured and is now in jail at Colfax.

An educational circular has just been issued by Superintendent of Public Instruction Irwin, which gives the names of those constituting the board of education and the board of examiners, a list of county superintendents and other valuable information relative to school matters.

Card of Thanks.

DUFUR, Or., July 6, 1896.

To the Commanders, Officers and Members of Dufur Camp, No. 215, Dufur, Or.: DEAR SIRS:—I desire to express my appreciation and thanks for the many kindnesses received at your hands during my sad affliction in the death of my beloved husband, John F. Easton, and also my appreciation of the promptness with which his benefit certificate was paid.

The Woodmen of Dufur camp did all in their power to smooth the pillows of death as well as to comfort the bereft ones left behind and the kindly care during the hours of sorrow did much to brighten the dark path before me and will never be forgotten. Very sincerely, MRS. ELIZABETH EASTON.

BAD BREATH! Nothing is so unpleasant, nothing so common, as bad breath; and in nearly every case it comes from the stomach, and can be so easily corrected if you will take SIMMONS' LIVER REGULATOR. Do not neglect to secure a remedy for this repulsive disorder. It will also improve your appetite, complexion and general health.

FILES!

How many suffer torture day after day, making life a burden and robbing existence of all pleasure, owing to the secret suffering from Piles. Yet relief is ready to the hand of almost any one who will use systematically the remedy that has permanently cured thousands. SIMMONS' LIVER REGULATOR is no drastic, violent purge, but a gentle assistant to nature.

CONSTIPATION.

SHOULD not be regarded as a trifling ailment—in fact, nature demands the utmost regularity of the bowels, and any deviation from this demand paves the way often to serious danger. It is quite as necessary to remove impure accumulations from the bowels as it is to eat or sleep, and no health can be expected where a constive habit of body prevails.

SICK HEADACHE!

This distressing affliction occurs most frequently. The disturbance of the stomach, arising from the imperfectly digested contents, causes a severe pain in the head, accompanied with disagreeable nausea, and this constitutes what is popularly known as Sick Headache, for the relief of which TAKE SIMMONS' LIVER REGULATOR OR MEDICINE.
